**- THE MOST ACTIVE UKULELE
BAND IN EUROPE !**

UKULELE? NOT ONLY "OVER THE RAINBOW"!!! LET'S DANCE!

Ukus in Fabula is the Italian ukulele party band playing on the international music scene. It has toured Europe and not only, playing concerts in Australia, Israel, Lithuania, Germany, Latvia, Poland, Czech Republic, Finland, Austria and Scotland. It has taken part in international festivals and in national TV shows "Si può fare" (Rai), "Italia's got talent" (Sky), and "XFactor" (Sky).

Also worth mentioning is the **collaboration with the Italian Cultural Institute in Israel** and with the **Embassy of Great Britain in Rome**. In 2019 the band returns to **Scotland** for the third time, for the Ukulele Festival of Scotland, playing with **James Hill** and with the **Ukulele Orchestra of Great Britain** (the world's most famous ukulele ensemble).

Thanks to the technical skills and to the abundant musical ideas, **Ukus in Fabula** ranges from reggae to rock, touching on singer-songwriter and top-of-the-charts hits. They often mix everything into funny and ingenious mash-ups.

Three professional musicians. They all sing and play the bass, tenor, and soprano ukuleles, kazoo and foot-drum. This explosive mix of sounds, colours and personalities makes **Ukus in Fabula** eclectic and unique. Their sound ranges from a classic and traditional acoustic trio to a complete rock band, with distortion effects... And more!
